"2025 is Sharp's Year – New Features, New Power, Same Mission!"

Hi,

We are well and truly heading towards Christmas pretty fast. The Admin team at The SHARP System are looking forward to the new year with all our new features coming throughout 2025.

The SHARP System has received over 4 million visits and facilitated 70,000 reports across the 360 schools and colleges using the system. These figures affirm that The SHARP System is achieving its mission effectively.

Free Seminars

Starting in April, we will offer a series of free safeguarding seminars for Designated Safeguarding Leads (DSLs) on various topics, including preschool safeguarding. We will also provide support documentation for parents. Look out for a list of these seminars soon, and don't forget to sign up. If there's a topic you'd like us to cover, please contact us at

support@thesharpsystem.com.

Updated Cost Structure

To continue enhancing the platform, we're adjusting our pricing structure in 2025 to better support rising hosting and maintenance costs. The new setup fee will be £200, with an annual hosting and support fee of £240 (or £20 per month)—a rate that allows us to sustain and grow the robust, cost-effective service that The SHARP System provides. As valued existing customers, you'll benefit by avoiding the new setup fee entirely. For a comparison of our services with other school reporting systems, please visit our pricing page:

Professional Referrals

We are developing a professional referrals page within the school dashboard. This feature will provide easy access to services like "Levels of Need" in Liverpool and the "Multi-Agency Levels of Need and Response Framework" across Manchester. This new page can be customised to meet the specific needs of your area.

We hope you are as excited from all the above as we are and we look forward to continuing our partnership and supporting your safeguarding efforts.
